**TEMPLATE AND INSTRUCTIONS FOR THE IDENTIFICATION OF LEAST
LEARNED COMPETENCIES, LEARNING LOSS/GAPS, AND INTERVENTIONS**

Instructions:

1. Use the template below for the identification of least learned competencies, learning gaps/loss, and interventions/strategies. The details of the MELCs can be accessed through:
 - a. Elementary – tinyurl.com/LLCinScienceElem
 - b. JHS – tinyurl.com/LLCinScienceJHS
 - c. SHS Core Subjects - tinyurl.com/LLCinScienceCoreSHS
 - d. SHS Specialized Subjects - tinyurl.com/LLCinSHSSpecialized
2. In identifying the least learned competencies, rank the MELCs using the following references results of assessments, observations, and feedback from teachers/school heads and instructional supervisions.
3. After identifying the least learned MELCs, only the top 5 competencies in each quarter will be provided with learning gaps, learning loss, and intervention/strategies.
4. Education program supervisors are enjoined to work with select master teachers in Science and school heads on the 11th week of Quarter 1 (November 2-4, 2022) for the abovementioned activities.
5. Below are the following definitions and descriptions for your reference.

Learning gaps - refers to the relative performance of individual students—i.e., the disparity between what a student has learned and what he or she was expected to learn at a particular age or grade level.

(<https://www.edglossary.org/learning-gap/>)

Learning loss - refers to any specific or general loss of knowledge and skills or to reversals in academic progress, most commonly due to extended gaps or discontinuities in a student's education.
