 - b. **Sterilized milk**: schools that are far-flung and not accessible by pasteurized milk and delivery may take long hours.
 - c. **Powdered milk**: schools that are far-flung and not accessible by pasteurized/sterilized milk, delivery may take long hours or days, schools can only be reached by foot, high delivery cost for sterilized milk.Please review and compare the recommendations for commercial milk approved for FY 2023 and be consistent with the areas that were identified as far-flung and not accessible by pasteurized milk and delivery may take long hours.
